Bingo Caller's Card

Use your Bingo Caller's Card to call the bingo and keep track of which words you have already called.

Print two copies of the caller's card. Cut one copy up, fold the squares in half, and put them in a hat. To call the bingo, pull a square out of the hat, unfold it and read it out.

When you have called a word/number, tick it off on the second copy of the caller's card. You can use the second copy of the caller's card to check if a player has a winning card during a game.

I have joined a cornhole league this fall	My neighbor and I rescued 10 kittens in our neighborhood this summer so I'm officially a "cat lady."	Born in Germany	I know how to drive a forklift.	I totally nerd out over Star Wars and yes, I do own a light saber.	I can name all 29 counties in the state of Utah. Those counties were put to song by my 4th grade teacher, and I can't get that darn tune out of my head.	First...people usually describe me as NOT fun/interesting/unusual but I have been helicopter skiing before
Used to be a competitive lifter	I am also a licensed cosmetologist	I have traveled to all 50 states	My oldest granddaughter is in her 2nd year of teaching secondary biology and earth science.	I live in a converted Horse Barn. Completed in stages, the house spent a few years as a commercial building, housing a preschool!	Free Space	I am now right handed, but was born left-handed.
I hit my (current) spouse with a car.	I grew up believing that everything--from the flowers in our garden to the cereal in my bowl--has feelings and admittedly, it's been a hard belief to shake.	I grew up off the grid (20 acres; no phone/landline until I left for college; no indoor toilet)	I was born in Germany.	I enjoy creative hobbies (photography, writing, and drawing are my favorites).	I make graduation quilts for family as they graduate high school. I've done over 50.	My daughters and I are celebrating 25, 25, 50th birthdays this year.
I never took the SATs and it's possible I never graduated from high school!	We have a small farm with horses, pigs, chickens and an assortment of dogs and cats.	I have been run over by a car.	I legally did not have a name for 6 years.

I hit my (current) spouse with a car.	I legally did not have a name for 6 years.	I can name all 29 counties in the state of Utah. Those counties were put to song by my 4th grade teacher, and I can't get that darn tune out of my head.	Used to be a competitive lifter	We have a small farm with horses, pigs, chickens and an assortment of dogs and cats.
I am now right handed, but was born left-handed.	I grew up believing that everything--from the flowers in our garden to the cereal in my bowl--has feelings and admittedly, it's been a hard belief to shake.	Free Space	My daughters and I are celebrating 25, 25, 50th birthdays this year.	I grew up off the grid (20 acres; no phone/landline until I left for college; no indoor toilet)
I have been run over by a car.	I know how to drive a forklift.	Born in Germany	I have joined a cornhole league this fall	I make graduation quilts for family as they graduate high school. I've done over 50.
I have traveled to all 50 states	I am also a licensed cosmetologist	My neighbor and I rescued 10 kittens in our neighborhood this summer so I'm officially a "cat lady."	I live in a converted Horse Barn. Completed in stages, the house spent a few years as a commercial building, housing a preschool!	I never took the SATs and it's possible I never graduated from high school!
I totally nerd out over Star Wars and yes, I do own a light saber.	My oldest granddaughter is in her 2nd year of teaching secondary biology and earth science.	First...people usually describe me as NOT fun/interesting/unusual but I have been helicopter skiing before	I enjoy creative hobbies (photography, writing, and drawing are my favorites).	I was born in Germany.
